How to access on-demand videos

Access safety training from Safety Source Productions

An account is required before you can stream videos. Visit secura.net/safety-on-demand and have your policy number ready to gain access to this helpful content.

After filling out the form, you will receive an email from Safety Source Productions containing your password after your account is set up.

Use that password to log into their site:

safetysourceonline.com/company/secura-insurance-vod

If you need additional training resources or topics not available online, please email your request to risk_management_admin@secura.net. In the email, include your company name and policy number, and a risk management consultant will contact you.
