# Sick of using sticky notes to stay ahead?

TASKS

Ditch the daily interruptions from emails, phone calls, and in-person work requests.

## HelixIntel is the tool you need to make your job easier.

By simplifying your daily routine, you'll gain control over everything from task management to proactive maintenance, right in the palm of your hand. We streamline your workflow so you can concentrate on what matters most. Manage and prioritize work orders with complete visibility of your schedule, needs, and completed tasks—no pen needed!
