

SECURA
INSURANCE COMPANIES

Special events word search

We can insure many types of events. Our coverages can include Short-term General Liability, Premises and Operations Liability, and Special Event Auto. Special events can be quoted in SECURA BizLinkSM — **on average, quotes take 5-10 minutes** to complete when processed without an underwriting referral. Talk with your Specialty Lines underwriter to learn more about our coverages, appetite, and discuss any opportunities you may have.
