

# Auto Additional Insured WRAP

With our Auto Additional Insured WRAP, there's no need to update your business auto policy every time you enter into a written agreement or contract with another party.

We simplify the process by offering additional insured protection automatically. You get insurance, service, and peace of mind so you can focus on your business. You'll find our people truly care and enjoy helping you.

## Coverage features

### Automatic Additional Insured Status

When you perform work for any person or organization under a written agreement or contract that requires additional insured coverage, this WRAP automatically provides it.

### Primary and Noncontributory

This insurance is primary and noncontributory over any insurance carried by an additional insured.

### Waivers of Right to Recovery

Many business agreements require that you not seek legal recovery from another party. This waiver says that we will honor those agreements when they are made in writing prior to a loss that causes a payment.
